

Tennessee has launched their Ken Burns Country Music Pathway, which coincides with significant locations mentioned in the Country Music film which recently aired on PBS.

Visitors may pick up a “passport” at Tennessee welcome centers, in the TN Vacation Guide, or by downloading it online at <https://www.tnvacation.com/tennessee-music-pathways>. They can then travel across the state collect stamps on their passport. The Dolly statue is part of that program. Visitors will find the stamp conveniently located in front of the Dolly Parton statue (on the back side of the downtown Sevierville walking tour brochure sign).
